Built for pools by pool people!

- SIMPLE
- ALL-IN-ONE
- AFFORDABLE

Member Splash is the only suite of tools designed specifically for swim Clubs to manage Members, guests, payments, wait lists and more!

## Only the things you need. None of the things you don't!

Member Splash consolidates all of the tasks that Board Members need to do in one place. Get rid of card Membership tracking, paper checks, printed forms, out of date spreadsheets and stacks of clutter!

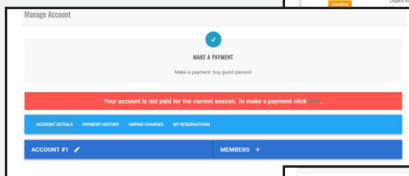

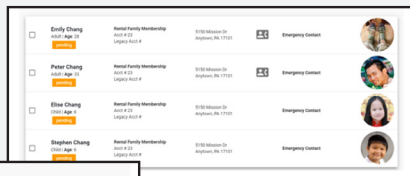

## How does my Club benefit?

Running a pool has become a full time job for many Volunteers! We understand that and know that you want to be in the pool too! Save time and do things easier with a suite of tools designed to cut down on the time Volunteers spend working at the pool. When the work is easy to do you also get more Members volunteering to help out and get new Board Members up to speed faster. Whatever you need to bill, track and plan for, we can help you.

## Track your members' use of the pool so you can open in 2021

The Reservations System allows your Board to set-up facilities that limit the locations and time spent at each area of your pool. It can provide a gap between member reservations and cleaning and sterilization. We even provide a visits report so that you can know exactly who was at the pool and at what time! Critical needs for 2021!
