Whatever you need to bill, track and plan for, we can help you.
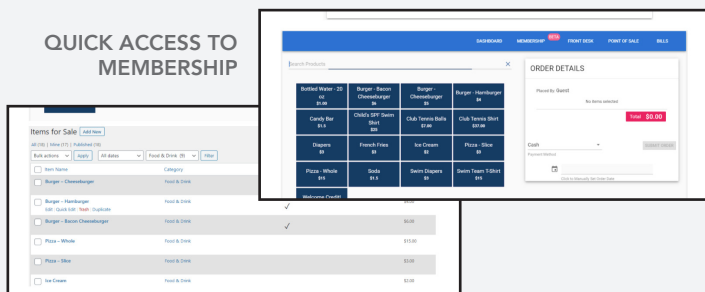

How does my Club benefit?

Running a pool has become a full time job for many Volunteers! We understand that and that your time is important! Save time and do things easier with a suite of tools designed to cut down on the time you and your Board Members spend on your collective tasks! When the work is easy to do, you also get more Members volunteering to help out and new Board Members get up to speed faster.

How can Member Splash help the President?

The President gets the joy of doing every job at the Club… but just a little bit! She is the person that knows the Membership numbers, the average income, the problems with the pool filter, the umbrellas that need replacing, and on and on!. She knows that the Friday before the 4th of July is always overbooked and the day after we need to order more ice-cream! That's why you need your Membership info, your revenue, your facilities bookings, and Point-of-Sale all in one place with one user id & password. Oh and your awesome support team is in one place too! ---- You need Member Splash!
